

TURKMEN ENERGETIKA

10TH INTERNATIONAL ENERGY
AND ELECTRICITY INDUSTRY EXHIBITION

6-8 September 2018
Ashgabat / Turkmenistan

BRIEF

Fair Acronym	: Turkmen Energetika 2018
Web Site	: turkmenenergetika.com
E-mail	: info@turkmenenergetika.com
Date	: 6-8 September 2018
Opening Hours	: 10:00 - 18:00
Venue	: Congress Hall, CCI Turkmenistan Building, Chandybil Street
Topics	: Electricity and Energy
Frequency and Edition	: Annual, 10th
Area	: 8000 sq. covered, 5000 sq. open
Last Edition	: 129 Companies from 12 Countries
Expected Exhibitors	: 200
Organisers	: Turkmenistan Ministry of Energy, Chamber of Commerce and Industry of Turkmenistan
Co-Organiser	: Net Organization

EXHIBIT PROFILE

- ▶ Power and instrument transformers
- ▶ Electrical machinery and drives
- ▶ HV and LV equipment. Cubicle switchboards
- ▶ Wiring accessories
- ▶ Converter equipment
- ▶ Uninterruptible power supply units
- ▶ Electric welding and electroheat equipment
- ▶ Power tools
- ▶ Technical evaluation of electrical equipment
- ▶ Street, outdoor, road lighting, lighting for construction sites and similar structures, Emergency / background lighting
- ▶ Low, medium and high voltage power cables for stationary cable laying
- ▶ Control, communication, fibre-optic, special purpose cables
- ▶ Components and fittings for cable installation and routing
- ▶ Wires for overhead transmission lines, high voltage, communication, special purpose, winding, low voltage
- ▶ Cable terminals for transformers and switchgear, connectors, fitting. Fibre-optic component parts connectors.
- ▶ Components and devices for cable installation and cable laying.
- ▶ Equipment, tools and devices for laying and installation of cables and wires.
- ▶ Inspection tools and instruments for cable and wire laying and installation cable and wire laying and installation technologies
- ▶ Building utility systems
- ▶ Building automation and control systems
- ▶ Security and surveillance systems
- ▶ Security alarm systems, fire alarm technologies
- ▶ Measuring and test systems
- ▶ Automatic power metering systems
- ▶ Equipment for centralized heat supply for industrial, housing and utilities facilities
- ▶ Building design, engineering and energy audit
- ▶ Resource saving technologies
- ▶ Renewable and small-scale power generation, power recycling
- ▶ Devices and methods of electric power metering and control
- ▶ Self-contained power supply sources
- ▶ Energy efficient equipment and technology in the electric power industry

WHY TURKMENISTAN?

- ▶ Turkmenistan is one of the fastest developing economies in the world.
- ▶ It is one of the largest energy exporters in the world.
- ▶ It is an untouched market offering billions \$ infrastructure and construction projects.
- ▶ All Turkmenistan will be re-constructed till 2030 officials say.
- ▶ With new sea port project it aims to become the logistics center of Central Asia
- ▶ The tourism city Awaza is another investment sphere offering billion \$ projects.
- ▶ The country is offering opportunities in the main sectors like Energy, Construction,
- ▶ Telecommunication, Tourism, Health , Food, Textile etc.
